

# Parking at Dalton

## Postcode: M1 5GD

**Please note:** The car park is accessed from Chester Street, outside Dalton, our new Science and Engineering building. There is a barrier at the entrance to the car park. Please press the buzzer and let security know that you have visitor parking booked. The 17 visitor car park spaces are located on the right hand side immediately after the barrier.

**Parking ticket / ANPR system:** Please ensure you receive confirmation that a visitor's space has been booked for you before arriving at the university and that you have shared the registration plate number with your Conference and Events Co-ordinator for all vehicles parking on-site.

### Manchester Met Dalton visitor car park

- Entrance to Dalton car park can only be accessed via Chester Street, which is a one way street, and cannot be accessed from Oxford Road.
- There is a barrier entry to the car park. Please press the buzzer at the barrier for entry.
- The 17 visitor car park spaces are located on the right hand side immediately after the barrier.

## PARKING

### If you have a visitor pre-paid virtual permit arranged:

- Your registration plate will be pre-loaded into the system and detected by the ANPR cameras upon entry. You do not need to do anything upon arrival.

### If you are required to pay for your own parking:

- On parking, please purchase a ticket from the Pay and Display machines.

Parking is charged at:

1 Hour: £1.10	4 Hours: £3.30
2 Hours: £1.65	24 Hours: £4.40
3 Hours: £2.20	

- Please ensure you have shared your registration plate with your Conference and Events Co-ordinator as your car needs to be registered on the system regardless of pay and display ticket. Your registration number will be detected by the ANPR cameras upon entry.
- There is a 2 metre height restriction barrier to enter the visitor car park. If your vehicle exceeds this height limit, please speak to your Events Coordinator.

- Entry route to Dalton visitor car park via Chester Street
- Entry barrier
- 2 metre height restriction barrier
- Pay and display ticket machine
