**Notes to the proxy form**

1. As a Member of Applied Microbiology International you are entitled to appoint a proxy to exercise all or any of your rights to attend, speak and vote at a general meeting of the Applied Microbiology International.
2. Appointment of a proxy does not preclude you from attending the meeting and voting in person. If you have appointed a proxy and attend the meeting in person, your proxy appointment will automatically be cancelled.
3. A proxy does not need to be a Member of Applied Microbiology International but must attend the meeting to represent you.
4. To appoint as your proxy a person other than the Chair of the meeting, insert their full name on the form. If you sign and return this proxy form with no name inserted in the box, the Chair of the meeting will be deemed to be your proxy. Where you appoint as your proxy someone other than the Chair, you are responsible for ensuring that they attend the meeting and are aware of your voting intentions. If you wish your proxy to speak on your behalf, you will need to appoint someone other than the Chair and give them the relevant instructions directly.
5. To direct your proxy how to vote on the resolutions mark the appropriate box with an 'X'. If no voting indication is given, your proxy will vote or abstain from voting at his or her discretion. Your proxy will vote (or abstain from voting) as he or she thinks fit in relation to any other matter which is put before the meeting.
6. To appoint a proxy, the proxy form must be completed, signed and emailed to [governance@appliedmicrobiology.org](mailto:governance@appliedmicrobiology.org) to be received by Applied Microbiology International no later than 4pm BST on 16<sup>th</sup> July 2025. Please email [governance@appliedmicrobiology.org](mailto:governance@appliedmicrobiology.org) if you have any questions about how to do this.

7. If you submit more than one valid proxy appointment, the appointment received last before the latest time for the receipt of proxies will take precedence.
8. You should keep a copy for your records and give a copy to your proxy.
